PROJECTS

School Management Web application - Jan, 2021

It's a personal project of mine. I used HTML, CSS, JS, php, Mysql, Bootstrap for this project. The main scope of this project is to get a good knowledge in web development.

Rewinding shop Management Desktop application - July, 2020

It's a team project for the college bootcamp hackathon. I worked as a front end developer in this project and I used java swings for GUI.
